Motto-Your Rights Give You Voice, Don't Waste It, Utilize It.

I am an Educator by profession and a social worker by passion and choice. I believe human rights are the basic rights and freedom that belong to every person in the world, from birth until death. They apply regardless of where you are from, what you believe or how you choose to live your life. They can never be taken away, although They can sometimes be restricted.

These basic Rights are based on shared values like dignity, fairness, equality, respect, and independence. Human Rights are the foundation of our civilization, and they are inherent and not granted by anyone.

As a State President For Human Rights Council, I will ensure justice, equality, peace and freedom for all.
